Note: The Partner Series invitations will be presented from the top of the points list down. An invitee will be asked to select any OGA Member to be their partner. Once the partner is selected the team handicap will be determined and the team will be slotted into a flight. Thus, until players begin to select a partner it is impossible to determine accurately a tentative invite list. The players listed above are the top 12 point earners in the Partner Series Points List, listed in alphabetical order.

All players above are listed in alphabetical order. Please see the full Points List for each respective series to view player points.
